This is a **work** program; applicants must be open & willing to learn about themselves *within the context of work*.. The work can be physically challenging (lifting, bending, multitasking etc.) - it may not be suitable for all who apply. Sometimes you will work in a small group but other times you will be assigned projects that require you to work independent of others on a time sensitive schedule.. First-month applicants are assigned to departments largely on the basis of hospitality business need. Most volunteers do a mixture of work. . The daily schedule blends garden work & harvesting with food prep, as well as mid-day dish duty & hotel laundry processing. You will see the entire cycle of the eco-resort. This is a scheduled work program – you will work 5 days on, 2 off. No other days off are granted during your stay
